Work Rest

## Bench Grinder

### PURPOSE

- Used for: Deburring and sharpening metals

### DANGERS

- Don't touch wheel when spinning with anything but your work
- Make sure work is gripped tightly
- Never use side of wheel, unless wheel is designed for side load
- Stay with machine until it has come to rest
- NO ALUMINUM!

### CLEAN UP

- Brush all dust off machine and sweep floor
- Always leave machine clear of objects and clean

### HOW TO OPERATE

- Grind only ferrous metals only i.e. Steel.
- **NO ALUMINIUM!**
- Inspect stone for dings or gouges, if so discontinue use
- Ensure tool rests are positioned .1/16 – .1/8" from wheel
- Quench work as needed
- Stand clear when first turned on
- Stand to one side of wheel when working
- Never stop wheel with work
- Vise grips OK on small work
